

## WHAT TO BRING

### Suggested Clothing & Gear Checklist

We provide rain gear, hip waders and all the necessary fishing tackle. You just need to bring personal gear. The days range from Sunny “bluebird” days reaching into the 70s onshore to cold days in the 30-40s with wind and rain. So, you need to plan for both ends of the spectrum. Dressing in layers is recommended while fishing. Usually the warmest part of the day is onshore, in the evenings.

- Thermal underwear – Compression Gear
- Thermal Socks
- Insulated jacket for fishing
- Light jacket or Windbreaker for evenings
- Knit cap
- Fleece or Insulated Top
- Long sleeve shirts (preferably not cotton)
- Sweatshirt
- Jeans or Khakis
- Polo style or Collared shirt for dinner
- Swimming suit for the sauna
- Sunscreen (Up to 20 hours of sunlight)
- Sunglasses (Polarized recommended)
- Digital Camera
- Video Camera
- Toiletries
- Medication
